

VI Meeting of Editors and Authors of Dental Journals (Porto Alegre, May 6-8, 2009)

Rosemary S. A. Shinkai
Editor-in-Chief

On behalf of the Event Coordination Team I would like to thank all the authors, reviewers, librarians, sponsors, and editors who made possible the realization of the *VI International Meeting of Editors and Authors of Dental Journals* and the *Symposium on Scientific Publication and Graduate Education in Health Sciences*, held at the Centro de Eventos PUCRS, Porto Alegre, Brazil, May 6-8 2009.

During these three days, 216 registered colleagues, more than 30 invited persons, and 19 speakers created the ideal environment to share their expertise and opinions on science production, publication, and graduate studies. The proceedings of the event with all lecture material, pictures, and videos are now available online (link in our website: <http://revistaseletronicas.pucrs.br/ojs/index.php/fo>) to extend this program of continuing education to all participants and those who could not attend the meeting this time. It was a pleasure and an honor to organize the 2009 meeting. See you in Rio de Janeiro next year!

Event Coordination Team / Revista Odonto Ciência:

Telmo Berthold, Daniela Silva, Márcia Brücker, Altair Del Bel Cury, Vivian Mainieri, Luciana Hirakata, Maria Ivete Rockenbach, Elaine Bauer Veeck (guest of honor), Nilza Pereira da Costa (guest of honor), Saul Paiva, Rosemary Shinkai (president) (and José Figueiredo – not shown).
