We would be grateful if the manuscript "Rapid denture fabrication for institutionalized patients" could be considered for publication in Revista Odonto Ciência/Journal of Dental Science. The manuscript is original and has not been published previously. Additionally, it is not concurrently under consideration for publication in any other journal. All authors were involved in the work leading to the publication of the paper, which was read and approved by all of them. If accepted, the manuscript will not be published elsewhere in the same form, in any language, without the written consent of the publisher.
